# Baby Print Pre-Order Prices

**Guideline prices.** These prices are a guide. The final price may be higher if the design is changed, extra prints are added or extra writing is included, or lower if less detail is needed. Please ask us for a quote.

Crafty Monkey, St Neots studio. Prices for our hand and footprint designs, painted by our team. Grouped by design, so you can see everything each design can go on. Each product has one decoration price, added to the price of the pottery item.

**Will it fit?** Measure your child's hand or foot from the bottom of the palm or heel to the tip of the longest finger or toe, and across at the widest point. Both must be within the max print size for one side of the piece. **Total** = pottery price + decoration price. Prices correct at 31 October 2026 and may change; the website shows the current price.
